ZAGREB – NEW YORK ETHICAL AND PERINATAL DIALOGUE

1st International Symposium
**When does human life begin? Ethics, law, and
professionalism in reproductive medicine**

**Fetal neurology: from short- to the long-term follow-up - how to
proceed? Multi-center results on the clinical use of KANET**

Chair persons: Asim Kurjak (Croatia) and Frank A. Chervenak (USA)

Under the auspices of the Ministry of Health of Croatia

PRELIMINARY PROGRAM

8-9 October 2022

Radnička cesta 21, ZAGREB, Croatia

Dear Colleagues

It is a pleasure to welcome you to this very special conference which features a dialogue between Lenox Hill hospital /Zucker School of Medicine and Croatian leaders on Ethical and Perinatal Challenges.

The important and controversial issues of when does human life begin, threats to professionalism in today's world, and the potential to detect neurologic disorders in the fetal patient will be explored.

All who participate in this unique symposium will be enriched in their professional lives and better equipped to manage their patients. Hopefully this will be the beginning of continuing interaction between our two teams.

Welcome!!!

Asim Kurjak

Frank A. Chervenak

Saturday 8 October 2022

10:00-17:00

When does human life begin?
